

Yankee Golden Retriever Club

Free program — Visitors Welcome!

Tuesday, November 15, 2011

Speaker: Dr. Brian T. Huss DVM MS

Visit at Vetcision!

- **A tour of the facility**
- **Basic First Aid Class for pet owners**
- **Items to include in your home pet first aid kit**

Vetcision's Emergency Critical Care Department is classified as a Level One Trauma Center by the Veterinary Emergency and Critical Care Society.

It actually functions as two separate but linked areas in which they diagnose, stabilize and manage emergent patients through advanced emergency care as well as provide ongoing care for critically ill patients in their Intensive Care Unit.

Dr. Brian Huss is the founder, CEO and Chief of Staff of Vetcision, LLC in Waltham, MA and most importantly has Goldens! Instead of having Dr. Huss come to us and talk about when to run to the Emergency Facility, he has invited us to have our meeting at Vetcision.

Refreshments: 7:00-7:30, Meeting begins at 7:30PM

Vetcision, 293 2nd Ave, Waltham, MA 02451
